# AMALA

## Biography

My influences range from HEART to Elton John to Earth Wind and Fire. 70s Classic Rock and Funk.

What sets AMALA apart from other artists and songwriters is the distinctive vocal style and you can hear in the songs a message in every word that is put into an AMALA song. Lyrics are very important and it all comes from a very deep place but is written in such a way that everyone can identify with the songs. Because the message in each song is something everyone can say they have been through or are going through which is why the SONGS of AMALA touch the Lives of Everyone.

Primary Genre: **Pop** Secondary Genre: **(None)**

Amala is a Solo artist who writes, produces and performs his own material. I have worked with Howard Leese (former lead guitarist for HEART) sang with Legendary Jazz Singer Ernestine Anderson and Opened for Martha Wash Of It's Raining Men Fame and Jennifer Holiday and more. Music From the Heart.
