Primary Genre: **R&B / Hip-Hop** Secondary Genre: **an atmosphere that helped him understand his right from wrong early. Moving to South Carolina later on his childhood, he found it quite hard to fit in anywhere at first. Knowing from the start he was different, he didn't blend in with the crowd that might have paved a different road for him. Music was always a passion for this young man and his ears had no limits; whether it was Hip Hop, punk rock, or anything you can throw at him. Music is an art, and with that he wanted to be an artist. Always looking up to his inspiration in rap, Jay-Z, Marcus strives to be as good, if not, better then the Giant Hip Hop Mogul. "It's hard to do that with the industry the way it is today and with the mainstream of music fading away from soulful messages." None the less, he'll never give up on his dream and passion, and so his journey continues... For The Love Of Music... Real Life Music**
