# DeathValleyPornstar

## Biography

Following in the footsteps of bands like Led Zeppelin and Queens of the Stone Age, Death Valley Pornstar is, simply put, a pure rock band.

Drawing inspiration from bands and artists as diverse as Foo Fighters, Lady Gaga, The Black Keys, Eagles of Death Metal, The Beatles, Them Crooked Vultures, Pink, Queen, Kyuss and Primus (to name a few), Death Valley Pornstar creates a sound that is pure, delicious, female-fronted rock.

Sexy. Devilish. Rock and Roll for the masses!

Formed in early 2008, DVP quickly built a name for itself on the strength of powerful live shows & razor-sharp songwriting. Lead vocalist Jezebel Rose, guitarist Jimi Stroker, bassist Adrien "Money" Gomez and drummer Giovanni Fuentes always have fun on stage and bring a down-and-dirty vibe to every show.

You can hear Death Valley Pornstar [www.deathvalleypornstar.com](http://www.deathvalleypornstar.com) on their self-released EP, "BURN, DIABLA, BURN!" The 10/31/2009 release (and their first studio EP), "BURN, DIABLA, BURN!" features songs that move seamlessly from hard-hitting to moody, angry to silly, and everything else in-between. "BURN, DIABLA, BURN!" is a fun and balanced showcase of the band's sound, sensibility and energy.

In addition to the traditional promotional models, DVP also looks to the future of the music industry; their forward-thinking attitude cultivated a strong online presence with solid digital sales, free exclusive

downloads through their website, blogs, tweets and online events like an upcoming 2010 online streaming concert. Fans can always find something happening with DVP on the World Wide Web.

There's no mistaking it; Death Valley Pornstar is on the prowl, fighting to bring back pure, unadulterated rock and roll.
