## Listen2three Biography

"Blends blues influences and pop sensibility with classic rock swagger."

Carolyn Horne – South Magazine

"A talented guitar pop/rock trio"

Columnist Jim Reed

Three heads are better than one and L2t sounds as if they share one collective set of ears. These lifelong friends graduated from high school together and started life in college.. until music happened. They learned their craft by playing along with the radio and sneaking into Savannah clubs at age 16, "thrown in the fire" by the seasoned pros in the community. Soon, they were playing every open mic the Creative Coast had to offer. This education was the inspiration for the title of their recently released debut album, "Play It By Ear." A roller coaster of moody tones, this is the perfect album for the car, spending a night with that special someone, or just hanging out. L2t has sold over 1,000 copies of "Play It By Ear" since their album release party on December 12, 2009.

Influences: Tom Petty & the Heartbreakers, The Beatles, Jimi Hendrix, Paul Simon, Stevie Ray Vaughan, John Mayer, Jellyfish, The Eagles, Freddie King, Led Zeppelin.
