Biography

First, our influences... Insane Clown Posse, Twiztid, KottonMouth Kings, Tech N9ne, OutKast, Atmosphere, Limp Bizkit, (HeD) P.E., Hollywood Undead, Korn, Tupac, DMX, and more.

But most of all... we sound like OURSELVES! The sounds of other artists that slip into our music is only do to their extreme impact on our lives and musical flair. Consider the elements an indirect tribute to the musical prowess of other artists that came out on top.

Here is the background story of the on-stage alter-ego of M. T TH@ M@GN.C3NT...

Mizfit Tha Magnific3nt was born as the younger brother of the infamous Judas Escariot, the Traitor. None know his true birth name, not even he. For he has gone by so many that he sticks to the self-dubbed name Mizfit. Due to his chaotic life with his elder brother, his family had to abandon home frequently or risk having Judas being executed in any necessary means for his dark misdeeds. This, Mizfit's parents, and Judas, all took their toll on Mizfit eventually. He was a witness to the Last Supper and the Crucifixion of Christ ...who was not the only Jesus alive in the area contrary to popular belief. When he saw the result of what mere greed could do to a person, on all ends of the transaction, he vowed to disband from his belief in the Lord and pursue his own studies; he also avenged Christ by defeating his brother through the use of Necromancy, magic dealing with souls. In the end, Mizfit stood over the whimpering shell that was his wickedly vile older sibling. He looked into Judas's eyes, the window to the soul, and saw his true colors... pitch black. No remorse... just detached calculation. On that note, he stole Judas's very being, his soul, and banished it to walk the Earth for all eternity, always taking the form of a different person when needed, said person was determined by the grudge bearing younger brother. Christians gave credit of this doing to their God, being sorely misled. After the dealing with his sibling, he became extremely reclusive. Why? Who knows? Mizfit has never spoken of his reason. During his retreat, he was studious to the point where he would go

weeks without sleep, running on pure willpower. The result of the research can be seen as who he is now... Mizfit The Magnificent is a soul that roams through the ages, he takes on the form of supernatural beings, due to his link with the Other Side. For he is a Witch of the highest degree, able to bend reality to his will. He also may appear to others as their most desired being, be it man or beast...or their worst nightmare. He roams the Earth as a diabolical clown when he does not have any goals due in the near future, doing what he pleases for lack of better items on his hidden agenda. Mizfit is psychotic, a being that is an unstoppable force to be reckoned with. He may, at any moment that the desire occurs to him, murder a man, or massacre whole nations for that matter. Mizfit is the TRUE catalyst causing the fall of Rome. HE is the cause for the Crusades, convincing all sides that Jerusalem and other key points were close to God. He used to be worshipped by the Celts and Druids, sometimes ordering offerings to be made to him at Stonehenge. But he fights the doings of Pandora's Box, defeating Evil in whatever form it may take, wherever it may lurk. Mizfit's flights of fancy with demolishing entire peoples is not as erratic and spontaneous as it may seem to the common man...rather, it is the decided solution for groups that are too far past the point of no return. The actions he takes to eliminate Evil is the result of his own personal retribution for the ones who can not protect their own, not the consequence of some Higher Authority. He has, though, been in the presence of an unknown (even to Mizfit) Power ...the Creator(s) maybe? None know, and the possibility exists that none will EVER know. To find the Ultimate Truth that all beings seek...means death...the grandest mystery of all. And until Mizfit's number is up, not even he may know. Mizfit can also roam through the Veil of Time and the Veil of the Planes of Existence. He frequents places and times of peaces and little to no chaos factor...but he may also be found on the flip-side of the era, reminding himself that there is not just Good, Peace, Love, and Happiness. There is also Evil, Darkness, Chaos, Hate, Despair, Greed, and Lust. When he does so is when he does what he does best, eliminate the worst of this world. The bad news for the people of Earth ...he's due for another Purge soon...
