Mystico Biography

My name's Federico Vaona, I'm Italian and the Music is my Life. I work for TV, Films and Spots and my Album MYSTICO is a Musical Concept completely created by me. The compositions, the arrangements, the recording, mixing and mastering method and the entire creative process of Art Design, Videoclip and web page and distribution. I've revisited the Gregorian Chant concept and created a new type of sonic experience with electronic sounds and piano...my primary instrument. Thanks to all people that can enjoy the MYSTICO experience.
