Biography

I've always watched things, talked to people. I love to detail my experiences and the things I've learned. When it comes to Hip-Hop nowadays there's been so little of the guys that can tell a well written story to the masses in a sweet way, but still have this New York realness about them. At least that's what I see man. I'm cool but I'm not afraid to be sweet and smile, and dance around. I hear music sometimes and it just makes me happy haha. I just wanna put my hands up and be in the moment, live in that space. I honestly don't think there's ever been a rapper like me.
